

VK Centrifugal Fan

Available Sizes:

100mm
150mm
200mm

White

Product Description

The VK plastic inline fan is a quality inline fan that is normally ducted and may be used for exhaust, air transfer and other applications.

The VK fan is made from high quality durable ABS plastic and is equipped with a waterproof terminal box. The corrosion resistant plastic casing makes the centrifugal fan perfect for installation in humid premises such as bathrooms, kitchens etc.

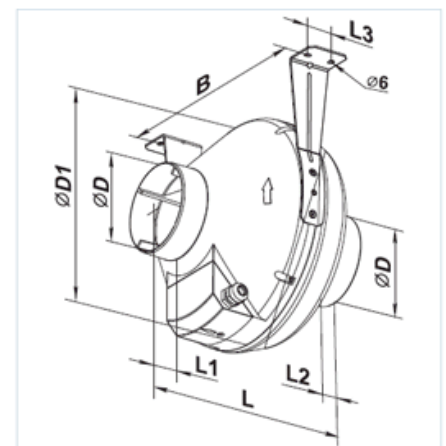

It is available in three sizes (100mm, 150mm and 200mm) and is long life, continuous rated with a IPX4 rating. The package includes mounting brackets, which make installation easy and convenient.

Features:

- Corrosion resistant plastic
- Waterproof terminal boxes
- Single phase AC motor with dynamic balanced impeller
- Maintenance free ball bearing motor

Fan overall dimensions:

Type	Dimensions [mm]							Mass [kg]
	∅D	∅D1	B	L	L1	L2	L3	
VK 100	100	250	270	230	30	27	30	2,15
